

#MyWishForYou

Crayons to Computers is enlisting community leaders, businesses, organizations, students, schools and citizens of Greater Cincinnati to help with our positive note writing campaign, **#MyWishForYou**. Our goal is to let the students we serve know that people like you care about them ... and their futures. These inspiring notes will be distributed via the backpacks that we will be giving away throughout the fall, through our Teacher Resource Center.

Here's what we need:

- **NO MONEY ... JUST NOTES;**
- A point person from your company to serve as a campaign champion for distribution and collection of the note cards;
- Help with reaching as many people as possible to write **#MyWishForYou** notes; and
- An opportunity to share more information about this campaign and Crayons to Computers with your organization or company.

Use the link below to:

- Download and print the #MyWishForYou card template.
- Print on card or cover stock (if possible).
- Cut each sheet into 6 cards and write notes of encouragement on each card (use fine-point colored markers or ballpoint pens).
- Mail or deliver to Crayons to Computers.

That's it. Just helping kids through a few kind words ... one card at a time.
Say YES to making students' days and futures brighter.
